

North Shore Trail

Total length: **4.17km**

Category: **Difficult/Extreme for biking**

Location:

*North Shore Trail is one of the most difficult mountain bike trails but it is great for hiking.
This single tracked trail is partly along a steep hill side, and there are a few really steep sections.
The trail goes along Clear Lake, quite close to the shore.*

*North Shore Trail est l'un des chemins les plus difficiles à parcourir à vélo mais c'est un chemin de randonnée très agréable.
Le sentier est étroit, en partie le long d'un flanc de colline assez pentue, et il y a plusieurs montées très pentues.
Le sentier longe le lac, assez proche du rivage.*
